# Your IT Service Provider

## WHAT WE DO

Provide friendly and reliable support

Protect your data with monitored backups

Secure your network from malicious threats

VOIP Services (provided in partnership with Axion Communications)

## Total PC Partnership

We are honored to work with dentists and oral surgeons in the Southern California area. We partner with practices and offer a customized approach to their specific IT needs. This includes Managed IT Services, Network Administration, 24x7 Device monitoring, and more.

We then create a resolution plan based on those unique needs. We consider many different things when customizing solutions for our partners. Is this the best possible solution for your practice? Will this be cost effective? Will this save your practice time and money? Will this solution last?

If you are ready to schedule your on-site evaluation, please contact us today. Mention code SDCDS23 and its free!

## *President's Message*

Esther L. Chen, DDS

OCDS recently had an ADA Strategic and Planning meeting where we discussed strategies for OCDS's success. We were able to develop a plan for the next 3 years by analyzing trends in membership, setting goals, and melding our unique perspectives. For instance, after studying our members' demographic data, we developed a plan to engage more dentists through membership benefits. We also discussed attracting new professionals by offering a more diverse array of events, such as a study club. I'm proud of our board's innovative ideas and dedication in making OCDS an organization that caters to our members' best interests.

We had our first tea event at Morning Lavender in Tustin on May 6th. It was a wonderful bonding experience for our members. Due to its success, we plan to offer this event again. It was also great seeing members at our Hospitality Suite at the CDA Convention. We had 1200 people visit the Hospitality Suite across both days.

We will continue to strengthen our dental community through social events. We will host a networking event on August 24 at Left Coast Brewing Company in Irvine. On September 23, we will have officer installations at the Lyon Air Museum, where we will also present a distinguished service award to one of our members. Then, on December 2, we will host a breakfast at Knott's Berry Farm for family, friends and staff followed by entrance into the park.

I again encourage you to serve on one of our committees: Wellness, Mentoring, Community Relations, Membership, New Professionals, Legislative. Your unique viewpoints and talents can be used to strengthen and improve OCDS. To any struggling dentists, OCDS wants to make our Wellness Meetings more accessible to you. To do so, we have made our Wellness Meetings available for you to attend either virtually or in person. There, you can find a supportive and encouraging environment to assist you with the struggles of the profession.

I hope our members will continue to enjoy our upcoming events. We encourage feedback from you so that we can better cater to your needs. OCDS will continue to strive to serve our members. I am honored to serve as your President and plan on making the rest of the year as eventful as the first half.

# Tim Miller

ORANGE COUNTY  
DENTAL PRACTICE SALES

## Recent Testimonials

"In my many years of working in the dental industry as a dental attorney, I can honestly say that **Tim is one of the best brokers I have ever worked with.**

**I highly recommend Tim to list and market your practice for sale!** You will be pleasantly surprised by how easy and smooth the entire process is."

- Cecilia Chen, Esq.

I would highly recommend IPS. **When I compared IPS to other brokers there was no comparison.** The professionalism of Tim and your amazing customer service was a calming voice in what can be a storm at times.

- Dr. Art Laos, DDS

**In 2022 Tim closed over \$10,000,000 in sales in these cities:**

El Cajon  
Huntington Beach  
Lake Forest  
Miramar  
National City  
Ladera Ranch  
Garden Grove

Irvine  
Anaheim  
Rancho Mirage  
Santee  
Palm Desert  
Temecula  
Chula Vista

## *Musings from Megan*

Megan Francis

On May 18 and 19 OCDS hosted our annual hospitality suite in California Ballrooms C and D, at CDA Presents. Attendees enjoyed carving stations, salads and numerous other items. A big thank you to the Hilton Anaheim for their support, as well as the wonderful staff who have orchestrated and worked our event for the past few years. We know that many want dessert, but with rising prices, we have to pick and choose what we offer. We are looking for ways to keep costs down in the future. I would like to thank our attendees that came that were so appreciative, as well as Harbor Dental Society for joining us and TDIC for sending us their products. I also would like to thank our sponsors Wells Fargo, Kettenbach and Lares Research.

OCDS has a Wellness Committee for our members. It is strictly just a support group where those that are feeling burnout, depression, anxiety, debt issues, can discuss their issues in a safe place. We are not a program or lead by a physician specializing in these issues; however, we have found success in just having a place to vent amongst your peers. If you are having addiction issues, please contact CDA's program at 310-487-5040. We invite all OCDS members to our group if they just need to talk in a supportive environment.

On August 24, we will be having a mixer for OCDS members only at Left Coast Brewing Company in Irvine. Attendance is limited so please register early.

Also, please look at our website for registration for future events such as Installation, Clay Shoot and Knott's Merry Farm.

We love hearing from our members, so if you have any ideas for activities, questions or concerns, we are always here to help.

Lastly, I would like to congratulate our newest employee Hayden Ascher (you might hear him if you call the office) on graduating from CSUF with a major in psychology!

# Volunteers Needed at Illumination Foundation Dental Clinic

Michele McGill, DDS

“Life’s most persistent and urgent question is, What are you doing for others?”

Martin Luther King, Jr.

You can answer this question for yourself by volunteering your dental services to the poor and marginalized.

**Dr. Sheena Bhatia**

Illumination Foundation ([ifhomeless.org](http://ifhomeless.org)) has a fully stocked operatory at their navigation center in Fullerton. There is a full time assistant who will schedule you for your preferred time and day. Dentists can donate their time from once a week to once a year. There is no required commitment and you can chose the types of procedures you prefer.

There are many who insist the homeless have made bad decisions and, consequently, are dealing with those results. I agree some of my patients definitely have. But they didn't chose to be born to a mother who was an addict. They didn't chose to be born into domestic violence or to an abusive parent. They didn't chose poverty or a neighborhood were gangs were prevalent and the only source of family or identity. When I think of my family and my childhood, I am embarrassed by all the

advantages I had. Where would I be if born under different circumstances?

There are many who point to the “outlaw lifestyle” where individuals prefer to live on the streets and make their own rules. My patients are the opposite. They want to leave the streets and change their lives. All my patients are working with a casemanager who is helping them navigate their way back into society.

In our clinic we strive to restore dignity to our patients. They no

*We provide the following services for your patients:*

- **Microscopic diagnosis for the biopsies submitted by dentists**
- **Clinical diagnosis and therapeutic management of oral mucosal lesions, such as chronic ulcers, vesiculobulous disorders, burning or dry mouth, etc**
- **Diagnosis and therapeutic treatment of neuropathic pain and TMJ disorders**
- **Diagnosis of ambiguous white/red lesions (oral cancer/precancer) and clinical follow-up programs**
- **Radiographic consultation of intrabony lesions**
- **Comprehensive care of prior/post radiotherapy for head/neck cancers**

**Continued from Page 9**

longer have a home. Many are estranged from their families. Their health is poor. They can't even say hello to a stranger because their teeth are broken, black, or missing. Society fears them and shuns them at the same time.

And if you could meet my patients, you would want to help. Honestly, you would come to love them as I have. They have seen the worst side of life and, yet, still have hope. We laugh and tell stories and fix smile. Our patients are so appreciative. I constantly hear, "You are angels," "God bless you," "I can't believe you're doing this for me," and hundreds of "Thank you's." The tears of joy and happiness when someone sees themselves with teeth again is the best payment you will ever receive.

I encourage you to join your colleagues and find out, "what you can do for others." As one of our volunteers stated, "It is so much reward for so little effort." You may contact me at [Mmcgill@ifhomeless.org](mailto:Mmcgill@ifhomeless.org) or (714) 271-3522.

Dr. Michele McGill graduated from Georgetown University School of Dentistry in 1981. She completed her general practice residency at the V.A. Medical Center, Palo Alto, in 1982. She returned home to Southern California where she opened a private practice in Costa Mesa.

After 30 years, she retired from private practice. In 2015, she joined Illumination Foundation as a volunteer dentist.

# Your Mental Health Matters

## Please Join Us for Our Monthly OCDS Wellness Support Group Meeting

This is an open support group for dentists and dental team members to discuss anxiety, burnout, stress, depression and suicide.

Meetings will be led by a member of our Wellbeing Committee. This meeting and all future mental health meetings will be kept confidential for all attendees. Please call our office at (714) 634-8992 or email [srobers@ocds.org](mailto:srobers@ocds.org) for more information or to register.

We look forward to seeing you at this incredibly open, non-judgmental support meeting!

# Time for Tea

Thank you to all our members that joined us for a fun afternoon on May 6th at Morning Lavender Boutique & Café. We tasted four different types of tea and sandwiches with a variety of desserts. Members shared an interesting fact about themselves, and we enjoyed getting to know each other. We welcomed five students and we hope they left with new mentors and friendships. We look forward to hosting this event again next year!

## Limited-time offer: 3.99% fixed interest rate for the initial 12 payments<sup>1</sup> of an SBA commercial real estate loan

Between May 8 and August 4, 2023, Wells Fargo is offering SBA loans for owner-occupied commercial real estate with a 3.99% fully fixed interest rate for the first 12 payments of the loan.<sup>1,2,3</sup>

Financing options include either the 7(a) or 504 SBA loan products and **can be used for the initial purchase or the refinance of owner-occupied real estate.**<sup>2,4</sup> Following the initial 12 payments, you'll realize a competitively priced, fully fixed interest rate for the remaining loan term.<sup>5</sup> In addition, SBA loans may offer longer repayment terms – potentially up to 25 years – and down payments as low as 10%.<sup>2</sup>

Let's start a conversation today about SBA financing options that can help you own your business facility and achieve greater control over your business operations and associated expenses.

Tim Wilson

Healthcare Business Development Officer

949-543-4427

[tim.wilson2@wellsfargo.com](mailto:tim.wilson2@wellsfargo.com)

1. Applicant must submit a loan application and/or personal or business financial statements and/or personal or business tax returns and/or a business debt schedule to Wells Fargo between May 8, 2023 and August 4, 2023, and the loan must close by January 31, 2024.
2. All financing is subject to credit approval and receipt of a loan authorization for the United States Small Business Administration. Additional collateral may be required.
3. This promotion is limited to single-disbursement real estate purchase financing. Construction financing is not eligible for the promotion.
4. Refinancing with a longer term may decrease monthly payments, but increase the total interest paid over the life of the new loan.
5. This fully fixed interest rate for the remaining loan term will be higher than the 3.99% introductory rate for the first 12 payments of the loan.

Middle Market Banking products and services are provided by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is a bank affiliate of Wells Fargo & Company.

For discussion purposes only. All financing is subject to credit approval and determination of SBA eligibility by Wells Fargo SBA Lending. Additional collateral may be required.

# Hospitality Suite at CDA Presents

Thank you to the 665 members that joined us this year at our annual Hospitality Suite on May 18th and May 19th in Anaheim! We were fortunate to have Harbor Dental Society members join us this year in a joint event and I know members were excited to have lunch with HDS colleagues! We also had 14 dental students join us and were able to introduce them to members in hopes of them finding mentors and jobs in the future! The Hilton moved our event inside this year, so we didn't have to worry about the weather. The food was delicious as always. We really look forward to seeing your smiling faces every year at this large event.

We would also like to thank our sponsors

## EXTENDED INDICATIONS OF DIRECT ANTERIOR COMPOSITE RESIN RESTORATIONS

A turning point in the late 1990s and early 2000s was the introduction of single-hue composite systems along with more natural or “tooth-like” layering techniques also called “anatomic build-up technique”, “trendy 3-layer concept”, or “natural layering concept”. Multi-hue systems have many shades for either enamel and dentin but they fail to cover some of the extreme chromatic ranges found in patients. The shade guide is also a critical element in the process. Shade selection is more difficult when the shade guide is not made with the same material and thickness as the restoration. In prefabricated anatomic dual-laminate shade guides, the selected enamel tab is “nested” over the dentin sample. The combination of different shades of enamel and dentin can be instantly compared with the tooth structure (enamel sample, dentin sample and the enamel/dentin combination in a single observation). These innovations as well as many different aspects of the direct application of composite resins (isolation, bonding, texturing, and polishing) will be presented.

### PASCAL MAGNE, DMD, MSc, PhD

Dr. Magne is currently the Director of the Center for Education and Research in Biomimetic Dentistry (CER-BRD) in Beverly Hills, California. From 2004 to 2022, Dr. Magne was the Don and Sybil Harrington Foundation Professor of Esthetic Dentistry in the Division of Restorative Sciences, University of Southern California, Herman Ostrow School of Dentistry. He graduated from the University of Geneva Dental School, Switzerland (1989 DMD, 1992 MSc and 2002 PhD). He lectured at the same university beginning in 1989 until 1997 (fixed prosthodontics and occlusion, operative dentistry, and endodontics). From 1997-1999, he was a visiting associate professor at the Minnesota Dental Research Center for Biomaterials and Biomechanics, University of Minnesota, School of Dentistry. From 1999-2004 he was a senior lecturer in the Division of Fixed Prosthodontics and Occlusion at the University of Geneva Dental School until he was recruited to the University of Southern California in 2004. Dr. Magne is a recipient of multiple awards (Swiss Science Foundation, Swiss Foundation for Medical-Biological Grants, 2002 Young Investigator Award from the International Association for Dental Research, 2007 and 2009 Judson C. Hickey Scientific Writing Award of the Journal of Prosthetic Dentistry). He is also the author of numerous articles on esthetics and adhesive dentistry and is an internationally known mentor and lecturer. Dr. Magne authored the book *Bonded Porcelain Restorations in the Anterior Dentition—A Biomimetic Approach* which took the dental world by storm in 2002 and has been translated into 12 languages. His new two-volume book *Biomimetic Restorative Dentistry* has been recently released and is equally astounding. He is a founding member of the Academy of Biomimetic Dentistry and a mentor of the Bio-Emulation think-tank group. In 2012, he launched a revolutionary approach to the teaching of dental morphology, function, and esthetics through a progressive “2D/3D/4D approach”.

## ENDODONTIC GUIDES FOR CHALLENGING CASES AND APICAL SURGERIES

Endodontics has seen significant technological advances in the last decade enhancing the precision and predictability of treatment. Although endodontic treatment is a predictable procedure with a long-term tooth retention rates and success, failures and treatment limitations may still be present due to case limitations. The purpose of this presentation is to show and discuss clinical scenarios of extremely difficult endodontic cases that could be treated and managed using 3D printing and Static Endodontic Guides.

At conclusion, participants should be able to:

- Develop an understanding of the use of the Endo access guides and its applications
- Develop an understanding of new advancements in 3D endodontics and 3D apical surgery utilizing guided technology
- Use BSB (Blue Sky Bio) software to design and fabricate the K-Endo guides for treating both, (moderately to severe) calcified cases and Apical surgery.

### DAVID W. KELLINY, BDS, DDS

Dr. David Kelliny earned his Bachelors in Dental Surgery from Cairo University in 1992; He graduated with a Doctor of Dental Surgery degree from University of Southern California in 1998 and earned a Certificate in Endodontics also from USC in 2001.

Dr. Kelliny is one of the first endodontists to integrate dental implants into their practice, he lectured extensively about Dental implants and the use of planning software such as BlueSkyPlan, Simplant, Co-diagnostix; integrating 3D software and Dental implants into the modern endodontic practice and General dentistry. He lectured at local and international levels about Surgical implantology and the use of custom surgical guides for implant placement and Endodontic surgeries.

He is currently a part time Clinical Assistant Professor at the Herman Ostrow School of dentistry of USC post graduate Endodontic program; he was the director of an elective surgical implant course for endodontic residents between 2008-2013. Dr. Kelliny has been teaching at USC since 2002; he is involved in teaching and lecturing residents on various aspects of endodontics with a specific emphasis on surgical endodontics, 3D endodontics and Dental Implants.

Dr. Kelliny is a member of the American Dental Association, California Dental Association, Western Los Angeles Dental Society, American Association of Endodontists, American Dental Society Anesthesiology and International Congress of Implantologists.
